Mrs. Evelyn McNutt

We, the students of Perry High School, proudly dedicate the 1968 CLOCK to our advisor, Mrs. Evelyn McNutt for her continuing devotion, loyalty, and friendship. A long time member of the Perry faculty, Mrs. McNutt came here in 1957 from Canton South, serving three years as assistant advisor. The 1960 CLOCK was the first of these many fine volumes which are in themselves an everlasting tribute to one who devotes many hours of her time as advisor, friend and mother. A devoted teacher, Mrs. McNutt works continually to make others happy. We all remember our first frightened days as sophomores when she comforted us; then as juniors, she was always there to advise us, and now, those of us who are seniors are truly proud to say she is our friend. For this, and for your devotion to our school, Mrs. McNutt, we again would like to say "Thank You".

TO DREAM
the impossible dream . . .
TO FIGHT
the unbeatable foe . . .
TO BEAR
with unbearable sorrow . . .
TO RUN
where the brave dare not
go . . .
TO REACH
the unreachable star . . .
THIS IS OUR QUEST
TO FOLLOW THAT STAR

"The Impossible Dream,"* from the play "Man of La Mancha"," words and music by Joe Darion and Mitch Leigh, and made famous by singer Jack Jones, can apply to any situation where a challenge must be met. Thus, this is the purpose for selecting this as the theme of the 1968 CLOCK. Students must meet a challenge daily in their never ending search for a better education and life.

Genuine interest in painting and design is evidenced by the busy art students

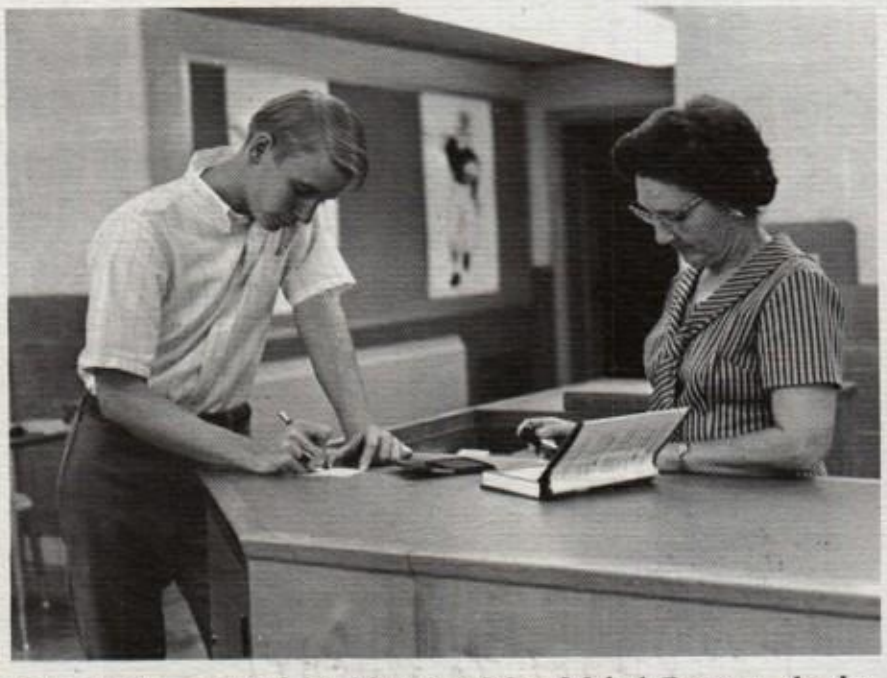
FOREWORD

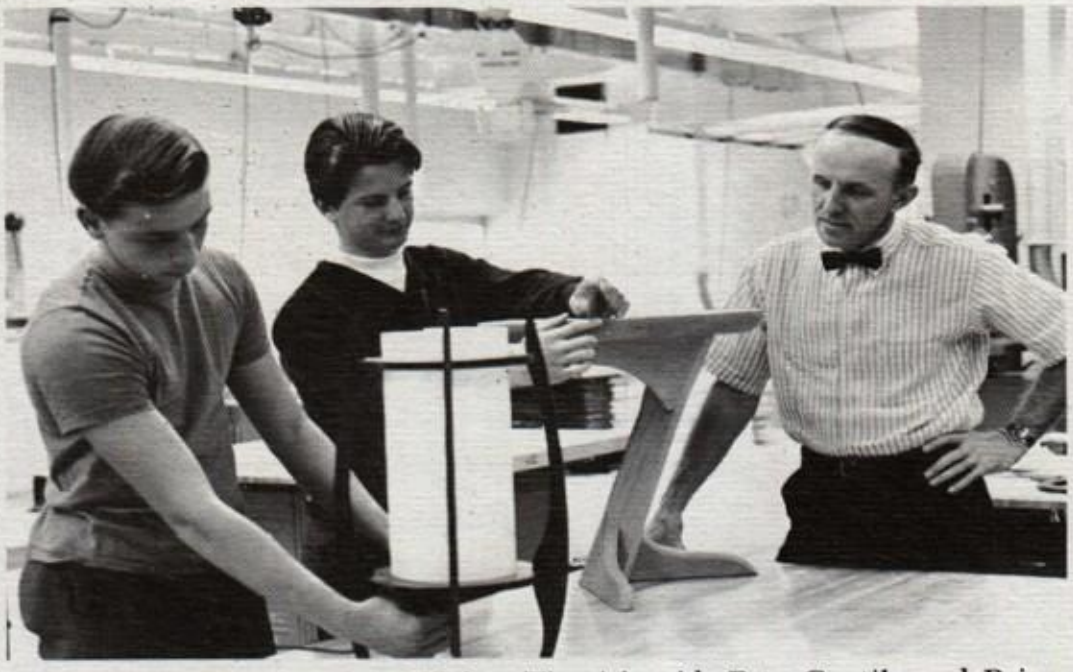
From the solitude of the classroom to the numerous battlefields of the world, the impossible dream is repeatedly being met and conquered by the will of mankind. An unanswered question is answered, an unknown formula discovered, a dying man saved, and a lost identity found.

"The Impossible Dream," is made a reality through the accomplishment of a single goal and the sweat, the scorn, the pain; the instantaneous strength and long lonely hours of meditation become a worthwhile experience because of one man's striving for its possibility.



Gary Frola, assisted by librarian Mrs. Mabel Boston, checks out a reference book.

Kathy Bose enjoys a fall day while studying outside.



Woodworking teacher, Mr. Walter Tisevich, aids Pete Gentile and Brian De Orio in evaluating their projects.

Attendance worker, Judy Fertgus, gives Mike Stewart an admit slip.

To Dream the Impossible Dream . . .

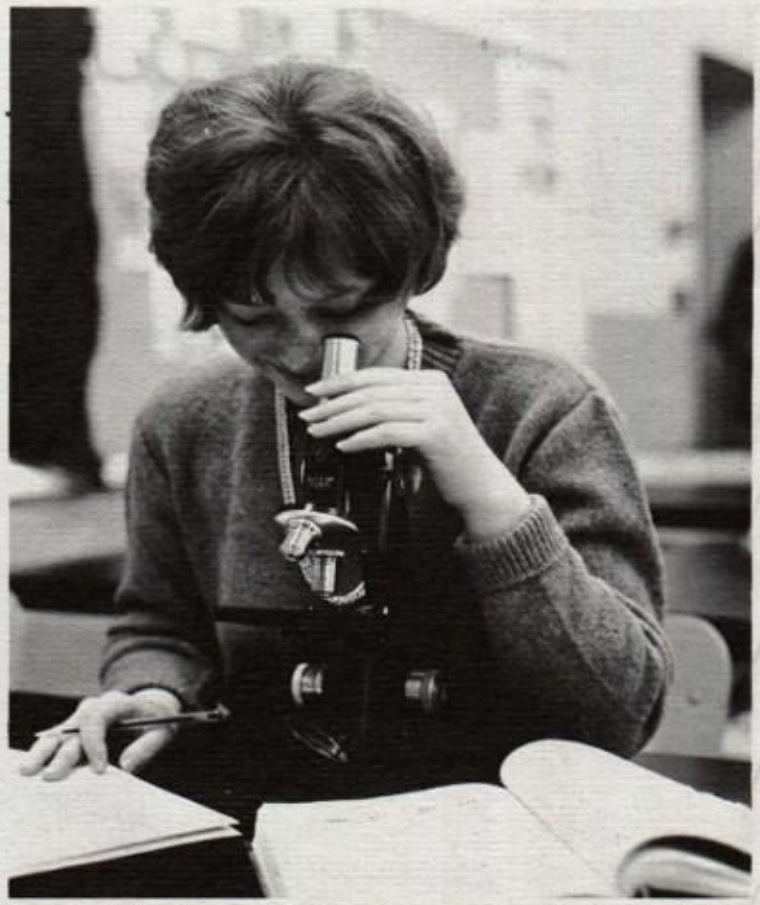
In anticipation of entering college, Kim Smith and Cheryl Gowins seek information at the Kent State University branch of Canton.

William Roland Sr., announcer for Perry's athletic events, is a well known member of the school community.

Exhaustion shows on the face of tired Panther, Lynette Carlson, who stimulates the spirit of Perry fans.

Many an undisputable hero has lost out to the strength of one with the strength of desire. Such was the case with the Perry Panthers as they romped from the bottom of the heap to the top to take the Federal League championship in football. Two pep rally's per Friday, and an exuberant principal added enthusiasm plus to the student body which spilled over into the everyday classroom academics.

Glee Club members Peggy Cole, Terry McBurney and Kathie Finley harmonize during practice.



Rosie Luke learns that a microscope aids in making new discoveries.

Perry's cheering section gave great support to the Federal League champions.

To Fight the Unbeatable Foe . . .

The tension on the faces of Coach Winkhart and John Rispin exemplify the thrill-packed Fairless game.

To Bear With Unbearable Sorrow . . .

Scott Kienzle and Mary Ann Haugh seem to be talking things over.

The disappointment of losing a football game brings tears to cheerleader Carol Hayes.

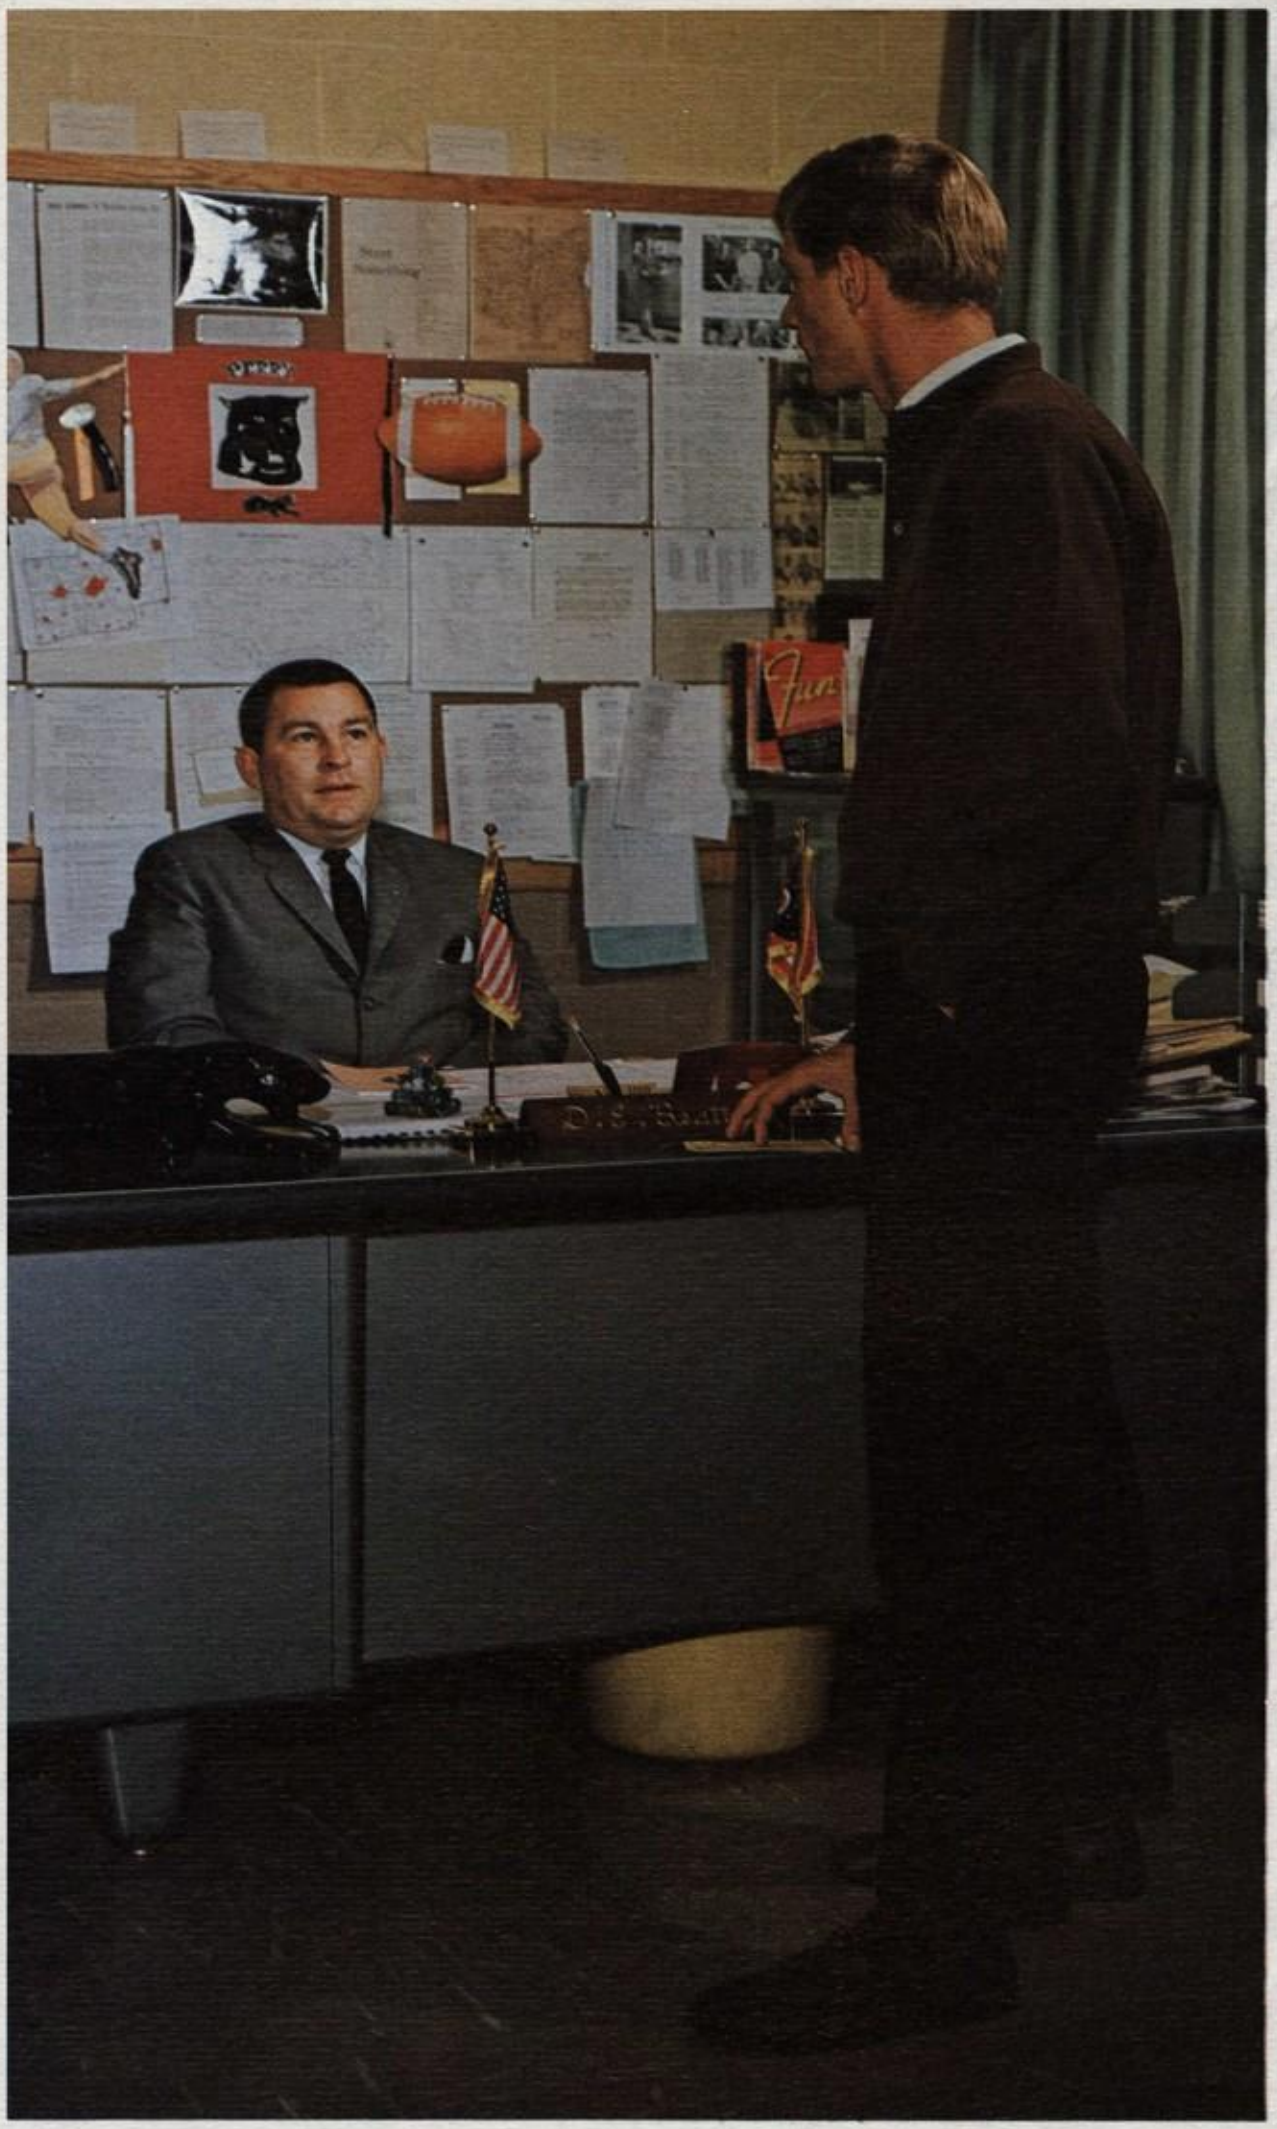
Brent Huntzman takes time out to think things over.

To a Perry student sadness can take the form of tears, a look, a feeling. The tests and the challenges of the classroom bring untold sorrow to he who "studied for hours." The victory that never was and the romance that had to end are all part of growing up. But with each sorrow comes added knowledge and experience to make one stronger in the years to come.

To Run Where the Brave Dare Not Go

There is always a waiting line at the phone booth during lunch periods. This time Sue Golembeski was one of the lucky ones.

Hi-Y boys pile the wood high for the bonfire before the Glenwood football game.



A conference is in store for Mike Bradley as he enters Mr. Beatty's office.

Tammy Gerber gets no farther than the door of the boy's locker room as Mitch Laps stands guard.

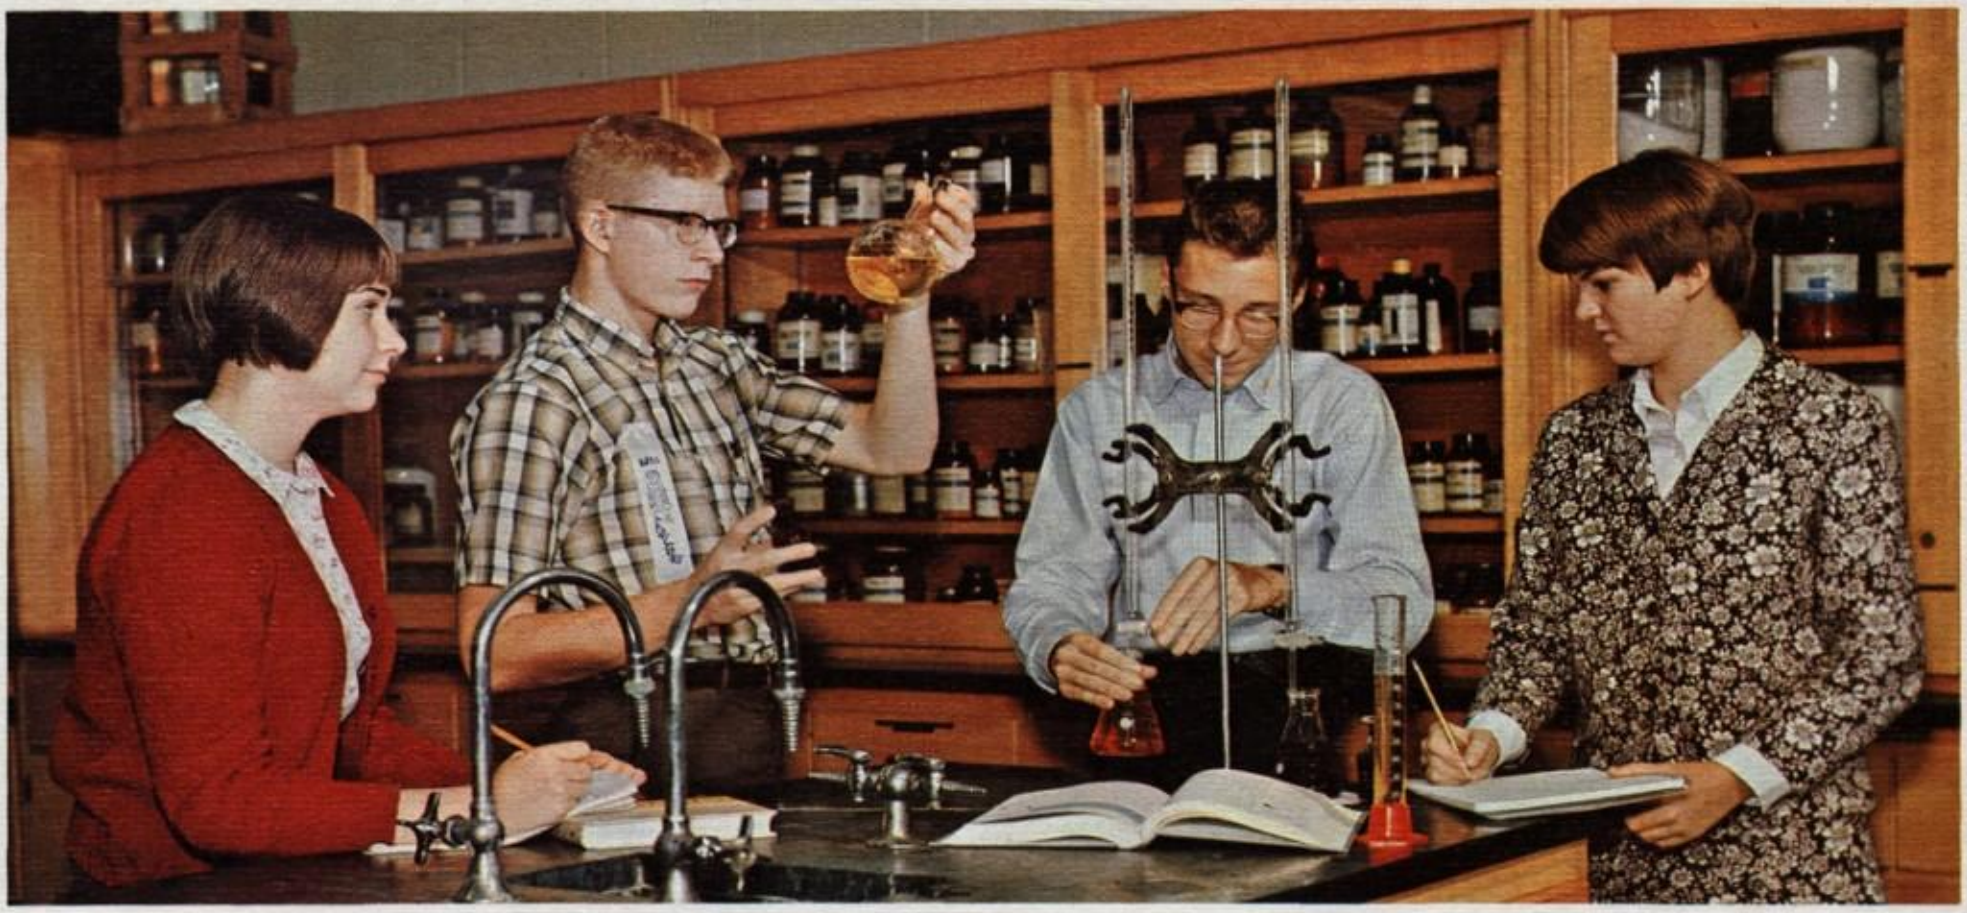
Bravery at Perry can be humorous as well as serious and a typical high school tradition is needing courage to enter the principal's office even to be greeted with a smile, standing in the endless telephone line at lunch, and walking the hall before a pep rally.

The majorettes, followed by the pep band, march to the gym for a rally.

To Reach the Unreachable Star . . .

Stars of the day—a queen, an academic protege, a graduate —get their rewards for achievement in different ways but the feeling of accomplishment is the same for all. Left for tomorrow is a new challenge to be met as Perry students go back to the reality of the never ending need to stay on top.

Nineteen sixty-six football queen, Sue Waldick, relinquishes her crown to 1967 queen, Marsha Brown. Marsha is escorted by Chuck Stewart.

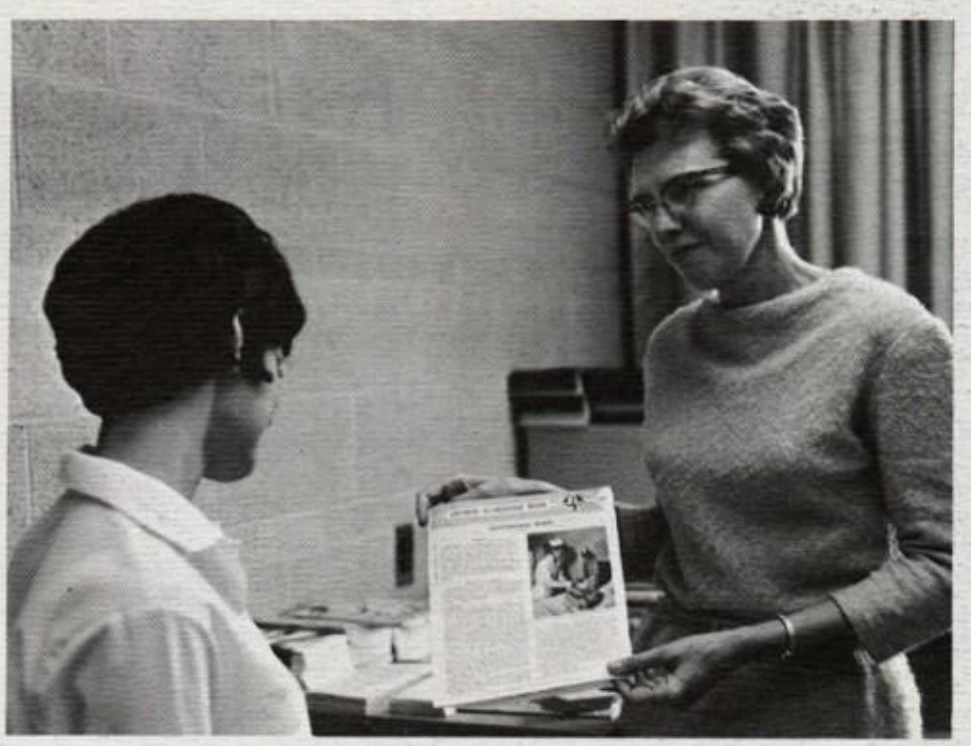


Chemistry students Sue Daniels and Linda Lamont take notes as Colin Binns and Dan DeStephen perform an experiment.

Assistant Principal Lewis Johnson congratulates Diane Charton upon receiving her diploma.

This Is Our Quest, To Follow That Star . . .

There seems to be no limit to distance as Marsha Brown and Fred Liber walk the tracks.



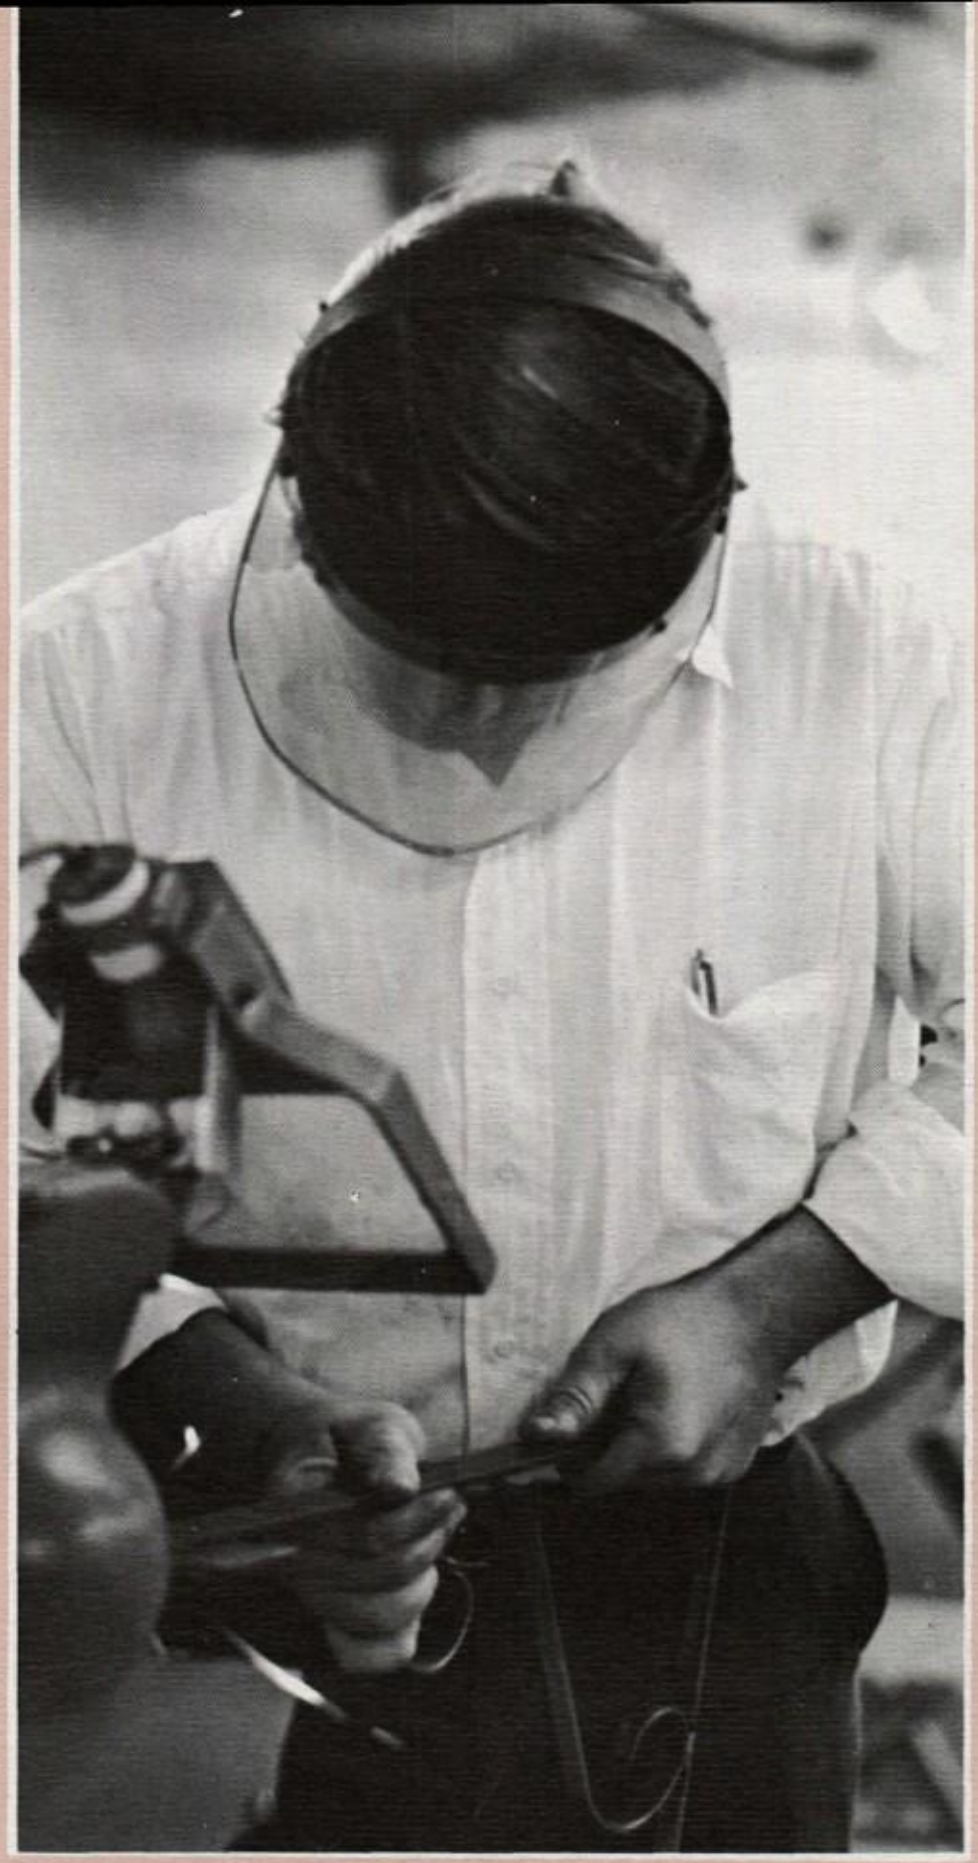
Guidance counselor, Mrs. Beifus, assists a student in selecting a career.

Saturn 1, a development of the space age, is symbolic of the heights a Perry student—any student—must face to meet the challenges of tomorrow.

French students go on an imaginary trip with Mrs. Swearngin as their guide.

Graduation is a new beginning for many students.

Mr. White explains a problem in general business to Jane Eberhardt.



John Werner grinds a support for a sign in metal shop.

MR. DALE E. BEATTY, Principal

As a dedicated administrator, Mr. Dale Beatty has served Perry High for the past four years. He came to Perry with an impressive background. Following his graduation from Fairmont State College he attended West Virginia State University where he earned a Master's degree in Administration. His first teaching position was at Norfolk, Virginia, and later he became a member of the faculty at Dover, Ohio. Four years ago he came to Perry as Assistant Principal and has been Principal for the past two years.

Mr. Beatty is a veteran of the U.S. Navy having served four years. His professional affiliations are as follows: National Association of Secondary School Principals, American Association of School Administrators, Ohio Education Association, Ohio Association of Secondary School Principals, East Central Ohio Teacher Association, Stark County Teachers Association.

Mr. Beatty's abilities extend far beyond that of administrator. His vim, vigor and enthusiasm, one of his favorite expressions, overflow at pep rallies and school functions. The improvement of Perry High School's education, morals and physical character is always his first concern. Although his duties are varied and never ending, he is always willing to help troubled students with their problems.

MR. LEWIS P. JOHNSON, Assistant Principal

Mr. Lewis P. Johnson has been Assistant Principal of Perry High for the past two years. Before coming to Perry, Mr. Johnson was Assistant Principal at Edison Junior High School for two years. Prior to that he was elementary principal at New Franklin for seven years.

Mr. Johnson received a Bachelor of Science degree from Mount Union College and later his Master of Education degree from Kent State University.

While stationed in Germany Mr. Johnson served with the Occupational Forces and also did special work with the Atomic Energy Commission. Mr. Johnson is a member of such Professional organizations as: East Central Ohio Teacher Association, Stark County Teachers Association, Ohio Education Association, and he is a Stark County Attendance Officer.

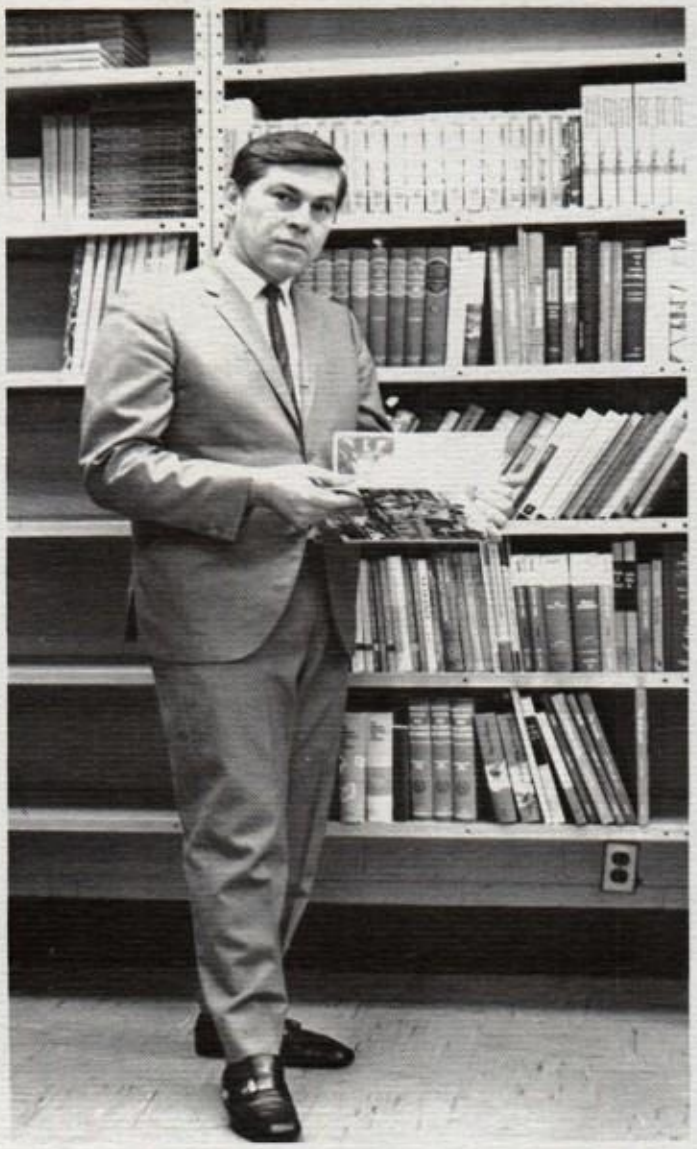
Perry's Assistant Principal is an extremely active man. He has charge of student attendance and has a very special gift for tracking down truants. Mr. Johnson's position is not always the most popular one, however, he has a friendly way of handling the most unpleasant situations.

The Perry Board of Education is made up of dedicated and respected citizens of the community. These men work to maintain the best teaching staffs, provide necessary facilities for learning, coordinate and direct teaching methods and provide a curriculum that meets the needs of all the students in the Perry School System. They are elected for a four year term.

As clerk of the Board of Education, Mr. Elmer Fry capably handles many business transactions during the year.

With community support, board member

Mr. Pat Mattachione, Coordinator of School and Community Affairs, is also responsible for the fine publicity that our school receives.



Scanning a blueprint of a proposed addition to Perry District school are Mr. Austin L. Lloyd and Mr. Robert Hoffman, board president.

MR. PAUL PFIEFFER, Superintendent of Schools

olan for Perry's future

Mr. Paul F. Pfeiffer has been superintendent of the Perry school system for eleven years. Mr. Pfeiffer graduated from Wooster College with a Bachelor of Arts degree in education. He continued his education at Kent State University, receiving a Master of Education degree. He is also a member of Phi Delta Kappa, National Honor Society.

Before coming to Perry, Mr. Pfeiffer was executive head of South East Local School District, Portage County. He spends many hours in the interest of the Perry schools and community. This was evidenced by the results of the past election when both the school operating levy and bond issues were passed.

Mr. Pfeiffer uses his good judgment on various matters concerning the welfare of Perry Students. One such occasion is deciding whether or not the buses will run on snowy mornings.

BOARD OF EDUCATION: Mr. George M. Anderson, Vice President, Mr. Robert J. Hoffman, President, Mr. Charles A. Dougherty, Mr. Robert E. Netzly, Mr. Austin P. Lloyd.

Excellent, modern equipment plus well trained teachers combine to assure successful business leaders for the world of tomorrow. Business students are taught the fundamentals of typing, notehand, business law and business machines.

This year at Perry we have the COE program, a vocational program which provides actual work experience. The students attend school for half a day and work in office related jobs in the afternoon.

Many of these students will go to schools of higher learning. Others will secure jobs in their chosen fields of business.

Many departments continue to expand

The touch of variety used by Perry's teachers adds zest and enthusiasm to the classes.

Teachers spend time discussing the latest political developments. Other aids, such as giant-sized slide rules, graphs, and charts assist them in instilling ideas in their students.

The faculty and administration at Perry work hard to guide their students on the road to success.

Mr. Tope experiments with a moire screen while preparing a graphic art lesson plan.

Guidance aids decisions

Opportunities in every field are made known to Perry students through the facilities of the Guidance Department. Perry has three Guidance Counselors, one for each grade. Their duties include personal and group counseling, testing, and the dispensing of career and education information. This Department is also responsible for the National Honor Society induction, the computation of point averages and class rank, and the issuing of applications for working permits.

There are many dedicated people, in addition to the administration and teachers, who are necessary in keeping our school in top working order. These people are the cooks and janitors.

Perry's cooks and cafeteria people work long hours to prepare well balanced lunches for students and teachers. They often times prepare extras such as cake, cookies and doughnuts.

Perry's custodians work nearly every hour of the day to keep the halls and classrooms neat and clean. They also perform such tasks as replacing burned out lights, mowing the grass and opening the building for special events.

These people play an important role in the operation of Perry High School and are part of the reason for Perry being a good school.

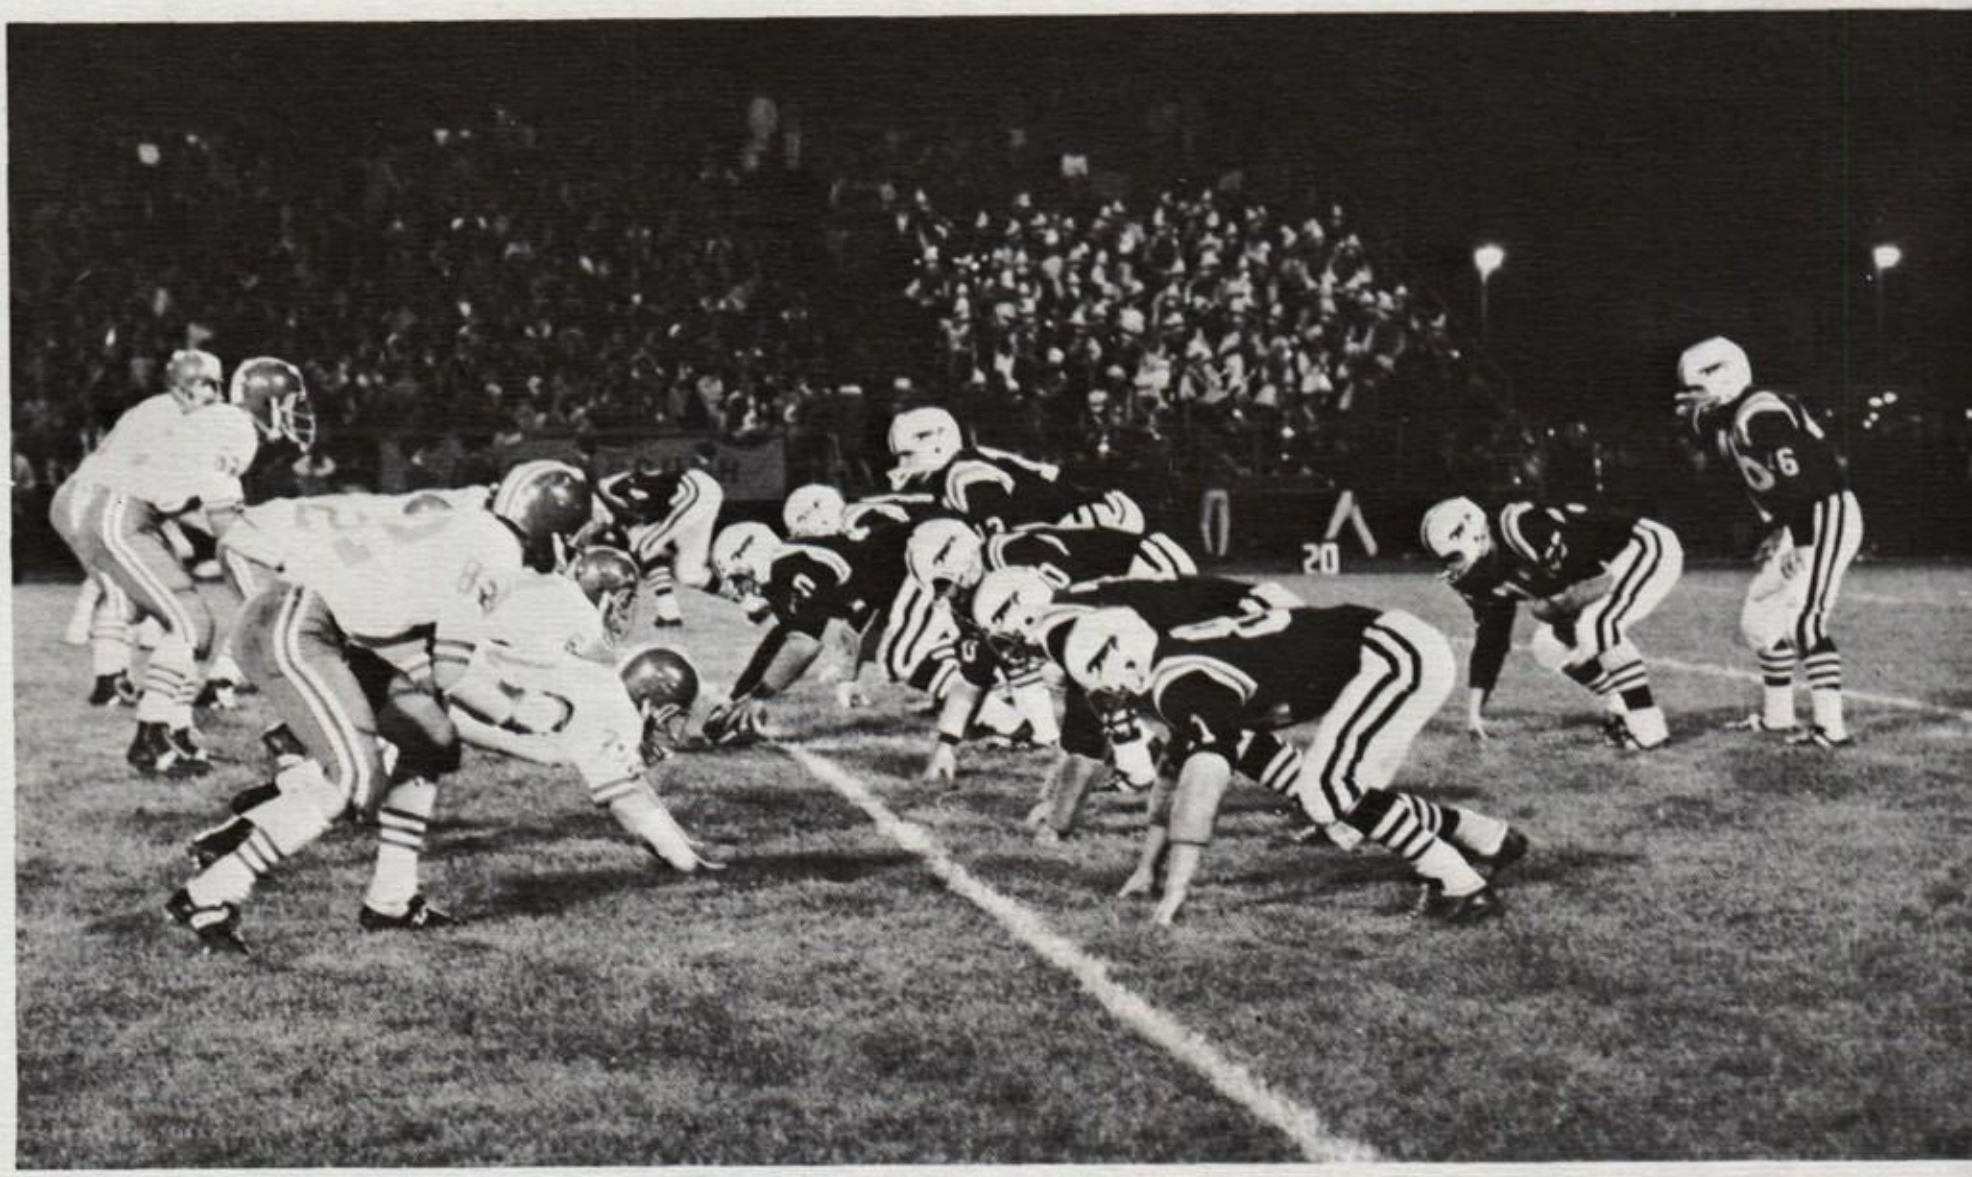
Pride and loyalty keep team together



Canton South was the beginning. This crew started the tough climb to the Federal League title.

The Perry Panthers became the 1967 Federal League football champions. The Panthers achieved this enviable position by posting an undefeated League mark. Only the memorable 8-8 tie with Jackson interrupted an otherwise all-winning league slate. It was the first undisputed Federal league championship in the history of the school.

The Panthers combined talent with great determination and desire in their championship drive. This winning attitude was very important as they were involved in numerous close games. Seven games were decided by 7 points or less. The 1967 Panthers will long be remembered for their fighting spirit.

The championship was a fitting climax to the high school football careers of 18 seniors.

During a brief break at the Sandy Valley game, Dennis Turner relaxes physically but not mentally.

Banquet honors successful players

Dennis Turner picks up a substantial gain against Canton South as Chris Yoder leads the way.

Perry drops first two of tough schedule

The first two Perry games were characteristic of the six victories in all aspects except the final score. A 14-7 fourth quarter advantage in the season opener against Timken was twisted into a disappointing 21-14 defeat. A similar turn of events the following week enabled North Canton to edge the Panthers 14-7 in the closing minutes of the game. There was only one way to think of those first two encounters—as victories.

The Panthers began their climb up the ladder of success with three consecutive league victories. The league opener, with Canton South, gave Perry its first win over the Wildcats in six years. A fine Panther aerial display ended on a 21-18 count. Sandy Valley was the next victim, and the Cardinals concluded their last year in the Federal League by bowing to the Panther eleven on a similar 21-18 count. The Federal League lead became a reality for Perry with a 12-6 victory over the Fairless Falcons. Very few mistakes and a strong running attack were responsible for the best game of the season to date.

The Lehman Polar Bears invaded the wet Perry homecoming to down the Panthers by a score of 28-8. It was the only true let down of the season, and the third non-league defeat.

The Panthers' next two games will be remembered for a long time to come. In two great defensive battles, the Panther eleven blanked Glenwood 6-0, and deadlocked the Jackson Polar Bears at 8-8. Glenwood, previously unscored upon, met an equally strong defense and fell victim to a blocked punt. The deciding game of the season, however, was against Jackson, and the unbelievable Perry goal line defense deserves the credit.

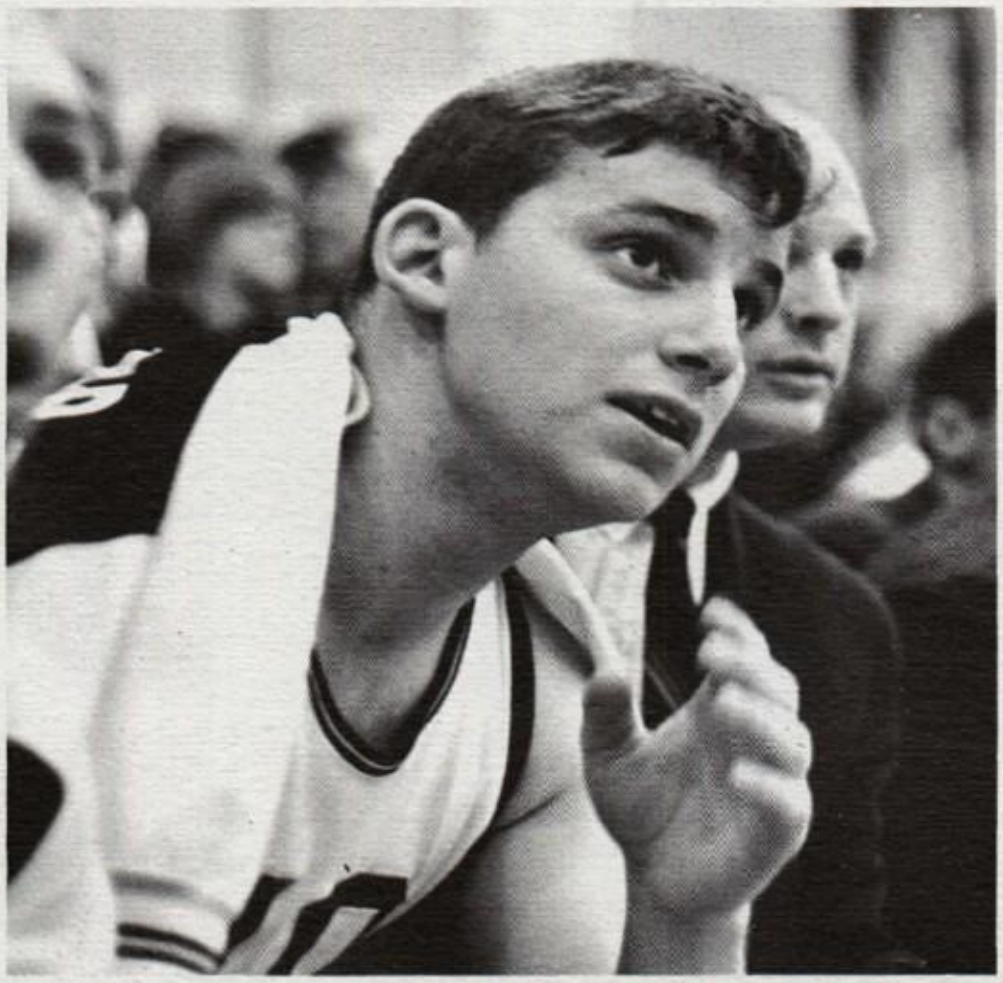
The number one Panthers then downed the Louisville Leopards 12-0 in the first meeting between the schools. This joints the Federal League next year.

That leaves one game. The victorious Panthers had become accustomed to their title, and saw no reason for a change. The Perry gridders rolled over the Marlington Dukes 28-0, and put the finishing touches on the first undisputed championship in the history of the school.

Chris Smith, Steve Bartuseck and Rick Yutzey made tight work of this seemingly big hole.

Scott Kienzle waits on the side line while the offensive unit moves the ball to pay dirt.

Spring banquet honors successful players



Eleven-seven was the way the basketball season ended and with the Panthers in third place in the league with an 8-4 record.

It was a rewarding year for the cagers as four out of the six players hitting triple figures in individual points were underclassmen and led by senior Tom Nelson with 193, junior Jeff Lessig with 175, and senior Steve Bartuseck with 162. The next three places were taken by junior Don Cable, junior Craig Day and sophomore Mike Stewart with 137, 120 and 101 points respectively. Not only did Nelson lead in points but also in rebounds and he hit on 63.3% of his shots from the field to set a new school record. Hustling junior Craig Day led in recoveries with 50 and popped in 85% of his foul shots, just 1% under the record.

Bob Newlon's interest is centered on the ball as Perry nears the basket.

The golf team was the only team in the Perry Sports circuit that finished the 1966-'67 sport season with a winning record.

Under the coaching of Mr. Mike Smith and with the assistance from Mr. Jack Bowen the golfers showed their stuff under pressure from many top teams.

Duff Rex had the best average by shooting in the high 30's continuously throughout the season. Doug Wise was the top point getter and he also showed that the possible is probable by popping in a hole in one during a regular season match.

The cheerleaders of Perry work hard to make the pep rallies and games exciting. Many long hours are spent in practicing, making signs and planning cheers. The 1968 cheerleaders have included, for the first time, extensive gymnastics. A daily routine of exercises and after school work was necessary for their fine exhibition.

Being a cheerleader is an honor and the first place trophy from the Muskingum cheerleading camp proves that Perry's cheerleaders are aware of this.

Spanish Club offers enriching program

OFFICERS: Sue Reidenbach, Secretary; Diane Kendig, President; Adela Rosca, Treasurer.

Students enrolled in a Spanish course are eligible to membership in the Spanish Club. Through informal meetings the students learn interesting and informative facts about the Spanish speaking countries, their people, language and culture.

Members are given an insight into the lives of our Spanish speaking neighbors through movies, speakers and special reports given by students.

A traveler from Spain and a Spanish speaking Argentina exchange student from Jackson High School added much interest to this year's program.

A special activity was the Christmas party conducted in true Spanish style.

This year, as in previous years, the Yearbook Staff has strived to capture the highlights of 1968. The CLOCK is composed of the many major activities which took place. The staff worked, also, to make a pictoral account of the small but important incidents which made the year a memorable one.

Our work begins early in the summer as we go to the various places of business to sell ads in order to produce a much better book. Our book this year is filled with colorful and meaningful pictures. It gives us a picture of Perry students today and tomorrow.

Deadlines were met but with much anxiety and hard work. Many hours after school were filled with typing, writing copy and exchanging ideas. But as each part of the book was sent to be printed a feeling of accomplishment made the task worthwhile. Even as we completed the CLOCK for this year, new ideas developed for our book next year.

Quill and Scroll encourages journalists

Quill and Scroll is an international honorary society for high school journalists and is an organization dedicated to those students who show a special talent and interest in journalism.

Both the CLOCK and PANTHER'S VIEW Staffs join together for this particular club.

In order to be eligible for membership every candidate must achieve high academic standing. In addition to this, each club has set up the following requirements: CLOCK members must work 24 hours and sell one hundred dollars worth of ads; the PANTHER'S VIEW staff must have had one hundred column inches of his work published in the Panther's View.

Each May, Quill and Scroll sponsors a publications recognition banquet to honor those students who have contributed to these publications.

Panther's View keeps up with the news

Kathy Bose, *Managing Editor.*

" A High School Paper With a Mind of Its Own." This can certainly be said of the Panther's View, Perry's monthly publication. The informative as well as interesting editorials provide a means of communication for the student body.

The "Letters to the Editor" gave students a way to comment on different phases of school life as well as providing the View staff with new ideas as to what the students are interested in.

The "Tracks" and "Popsie" columns afford an idea of just how funny our fellow classmates can be, and the "What" column gives students some new questions to think about.

The View enters contests sponsored by the National Scholastic Press Association, the Stark County Tuberculosis Association and Kent State University.

To be a member of National Honor Society is a privilege granted to those juniors and seniors who excel in scholarship, character, service and leadership. To be considered for this club, a student must have a scholastic average of 3.0 or above.

Each spring the National Honor Society sponsors an assembly at which time the new members are inducted. Following the assembly there is a tea for the new inductees and their parents who are guests.

This organization also sponsors a Friday pep rally to announce the basketball queen candidates. The identity of the queen is revealed and she is presented that evening at the game.

STUDENT CONGRESS—*Bottom Row:* Marsha Wadsworth, Debbie Dickinson, Becky Bowling, Donna Cox, Adela Rosca, Ellen Coolidge. *Row 2:* Joan Kate, Alex Bikis, Terry Tsocheff, Jim Seybert, Carlee Clapper.

The activities of Student Congress are varied. They accomplish such things as revising the school handbook and formulating new school policies. Student Congress also sponsors both the Christmas and Basketball dances for Perry's students.

Those who wish to become members must first have a petition signed by Perry students and are then voted into the organization by the student body.

The members of student Congress work to create good relations between the administration and students.

French Club studies modern France

OFFICERS: Faith Edgein, President; Josette Clouse, Secretary; Starla Showers, Program Chairman; Stephanie Tollin, Treasurer; Joan Kate, Vice President.

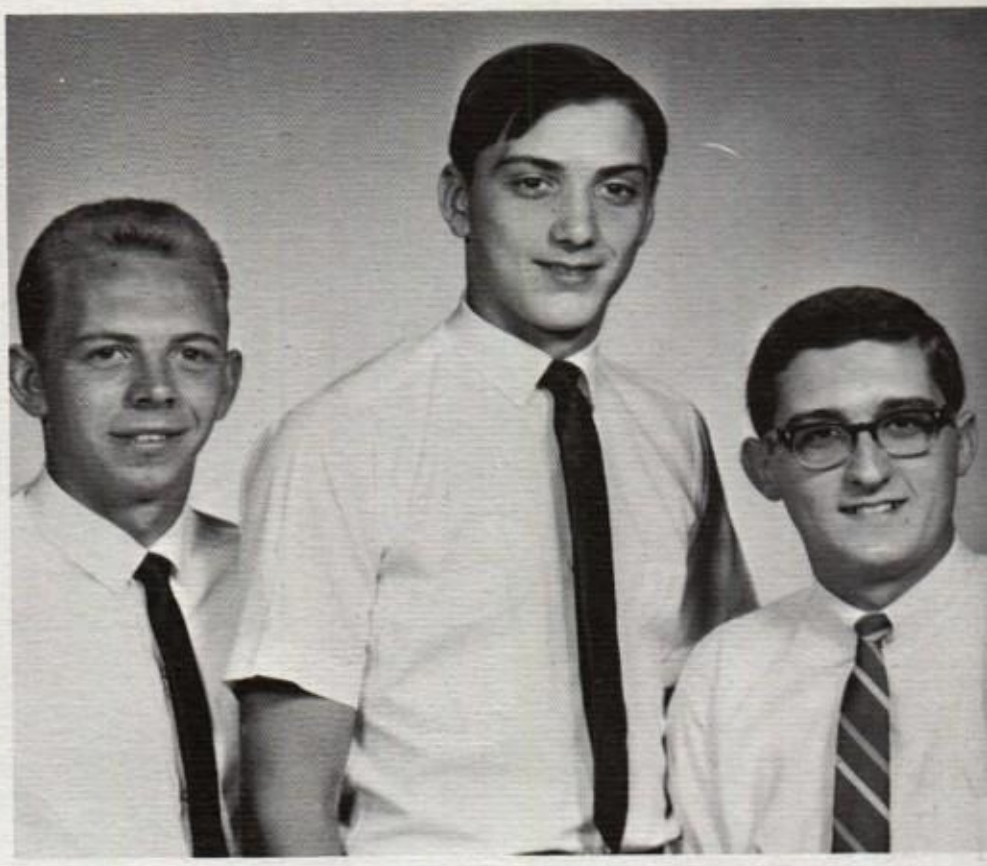
Le Circle Francais is an organization designed especially for the students of Perry who are interested in the language and customs of France. Throughout the year several guest speakers are invited to the informal meetings where their talks range from the castles of ancient France to the problems of modern France. Films of the beautiful countryside and of the colorful and exciting life of Paris convince many that they would like to visit France. Educational field trips and an annual hay ride are looked forward to.

A special event of the club is the Christmas party where the members take a part in the fun and enjoyment of the holiday.

With the attitude of "doing unto others" the Key Club entered into a number of service and social projects in the school and community.

The club has done an outstanding job with service projects. At Christmas time, along with the Future Homemakers, food was purchased and delivered to deserving families who need assistance. When the Perry students were selected to tour Europe with the band of America, the Key Club gave a donation of money.

Socially, the Key Club sponsored the Pig Skin Prom. They were also responsible for the printing of the football program for each game.



OFFICERS: Chuck Stewart, President; Brad Bauman, Treasurer; Scott Coleridge, Secretary.

FFICERS—*Sitting:* Jay Porter, President; Chris Yoder, Vice resident; Neil Toy, Chaplain; Jeff McFarland, Secretary; Bill ussett, Treasurer.

The main objective of the Hi-Y Club is creating, maintaining and extending throughout the home, school and community high standards of Christian living.

Each year a main community or school project is undertaken. This year the club chose to contribute toward the improvement of facilities at the football stadium. The club also contributes financially for the Y.M.C.A. work in foreign countries.

A fun event of the social program was a ski trip to Snow Trails at Mansfield.

Taking telephone messages, running off tests for teachers, taking care of students and visitors that come to the office and running errands are just a few of the many duties the PBX staff performs. One purpose of PBX is to help accustom the girls to different types of office procedures they will encounter in the business world.

The girls are selected on the basis of grade average and personality.

The main social event of the staff is the annual Christmas banquet which is held at the Town & Country Restaurant.

Perry's Chapter of Future Secretaries of America strives to create interest in business and to seek out information concerning the business world. Members are selected on a scholarship basis. They meet monthly with area schools for professional programs, and often have local secretaries as speakers.

Future Secretaries of America, an affiliate of National Secretaries of America, is made up of students who have completed one and one-half years of typing, who are secretarial vocational students, and who have better than average scholastic achievement.

Future Homemakers help less fortunate

Perry's Future Homemakers strives to help individuals develop good personal, family, and community living. Representatives from related fields help students to appreciate the importance of the role of homemaker and home economist.

Speakers enlighten members of the club at bimonthly meetings. With attention toward grooming, a cosmetologist from a modeling school demonstrated make-up at one of the meetings. At another, a wig stylist presented a program.

At Christmas time, Future Homemakers joined the Key Club Members in providing baskets of food for the less fortunate. As another project, they distributed Christmas cards throughout the student body and, after having them signed, mailed them to Bob Fowler, a former Perry boy in Viet Nam who distributed them to his fighting buddies.

Medical Arts Club finances scholarship

OFFICERS: Brenda McBurney, Vice President; Fran Martin, Historian; Lynn Klotz, Treasurer; Linda Ryman, President; Barb Ponieski, Secretary, not pictured.

There is a wide variety of available careers in the medical field and one of the objectives of the Medical Arts Club is to acquaint its members with such. The organization meets monthly at which time an interesting program is presented. It may be a speaker, a film or reports given by members.

Sometimes trips are taken to hospitals and clinics where the students receive first hand knowledge.

The sources of revenue comes from dues, a spring bake sale and the checking of coats at home basketball games. The proceeds from these projects are fused for scholarship grants for deserving members entering school or training in the medical field.

A.V. Club gives many services to school

The Audio-Visual club performs an outstanding service to the teachers and students at Perry. They also go into the community to operate audio-visual equipment and to present programs at church and organization meetings.

The club takes care of lighting and sound effects for school activities and has built up a very fine library of records that are used for school sock hops and dances.

Teachers wishing to use tapes and films as teaching devices may select them from the A.V. library. Mr. Hall, who is in charge of the program, then orders the material as requested.

Science Fair reveals student creativity

FFICERS—*Sitting:* Sue Reidenbach, Treasurer; Janice Haughn, Secretary. *Standing:* Kevin Twigg, Vice President; Gary einbach, President.

The Science Club, whose membership is open to any student interested in the field of science, provides its members with an insight in the field of biology, chemistry and physics. It also affords a view of science as a vocation.

Films, lectures and field trips are a part of the club's activities. The highlight of the year is sponsoring the Science Fair in which all students taking biology and chemistry participate.

Art Club develops interest and talent

The main objective of the Art Club is to create an environment for learning about and appreciating art. It also provides information relating to art occupations.

Club members add to their own experiences by visiting art museums and judging coloring contests for the elementary pupils. They earn money by selling Perry booster stickers and candy. The proceeds this year were used to purchase frames for pictures bought by the English department and placed throughout the building.

The Art Club is open to any art student or anyone who has an interest in the field of art.

BOOKENDS

Much of the efficiency in the library is due to a well organized group of assistants, namely the Bookends. They shelf and checkout books, check in periods and assist students in locating material.

PAPERBACK BOOKSTORE

As a service to Perry students, the Senior English department operates a paperback bookstore where they sell a variety of publications. These include cartoon books, dictionaries, encyclopedias, literary classics and science fiction.

Profits from this project return to the English department for the enrichment of the program and includes the purchasing and renting of films and film strips.

G.A.A.

The Girls Athletic Association promotes the development of good physical health, inspires better attitudes, and encourages good sportsmanship. The club is made up of one hundred seventy members who actively participate in the program. The activities include meetings twice a month, field trips, and many winter sports.

The coming of spring is always filled with the excitement of the annual black and white basketball game and the Sadie Hawkins dance which is held shortly before the end of the school year. G.A.A. has played an important part in creating good school spirit.

Promoting competitive speaking in individual speech and in debate is the main objective of the National Forensic League. The different areas of individual events include dramatic, original, humorous, oratorical, and extemporaneous speaking.

To be a member, one must accumulate 25 points in speech tournaments. The forensic season begins in October with tournaments in both debate and individual speeches, and held at area schools. The season closes in March with the state speech and debate tournament held at Ohio State University.

The parent speech organization at Perry, Perry Players, is made up of students interested in all areas of the theater.

Each year two major productions and a children's play is given by the club. At this time the members have a chance to develop their theatrical ability through participation in the cast or crew.

At the end of each year there is the annual speech awards banquet. At this time a member from the cast of each play is installed in the Perry Player's Dramatic Hall of Fame for their outstanding dramatic performance.

OFFICERS: Diane Kendig, Historian; Cindy Denison, Secretary-Treasurer; Becky Bowling, President; Mr. Loue Mattachione, advisor.

Attendance office keeps accurate records

At the beginning of the school year, junior and senior girls are chosen to work in the attendance office during their free periods. They are selected on the basis of good citizenship, honesty, and personality.

These students perform such duties as checking people in and out of school during all periods of the day, marking the students attendance cards when they are absent or tardy, and collecting attendance slips each period of the day.

They keep the attendance file well organized and in alphabetical order. A teacher or an outside call requesting an attendance report never needs to wait or call back.

A daily absence list is checked by Cindy Denison.

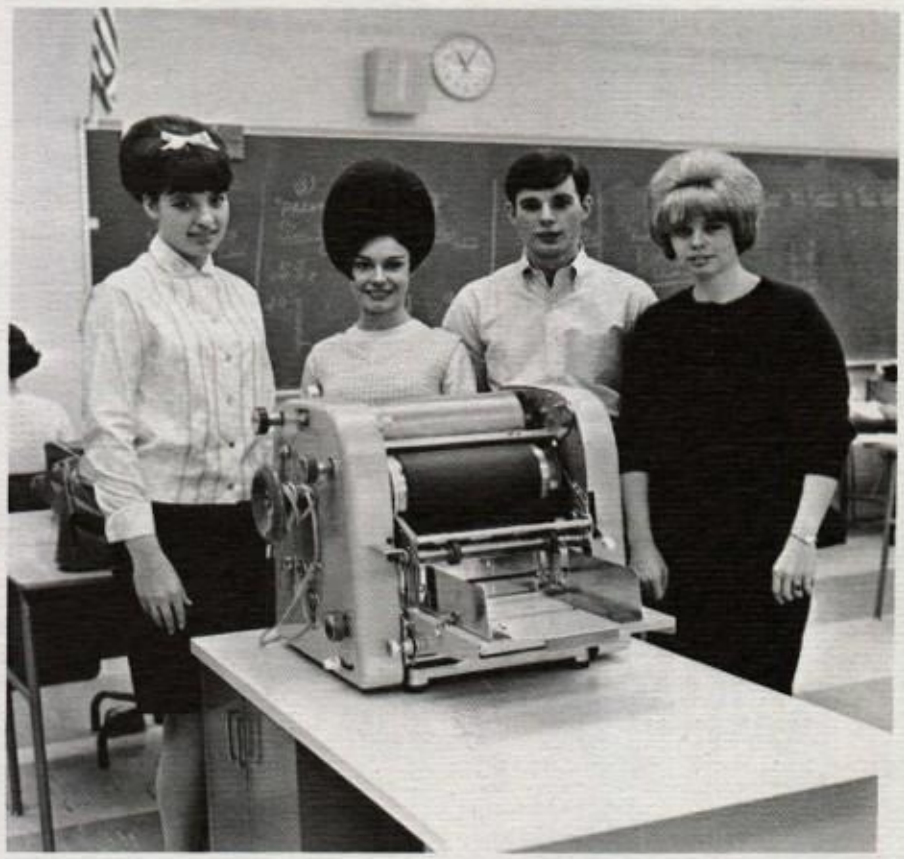
Perry C.O.E. student ranks top in state

Cooperative Office Education students are seniors enrolled in the COE program, a vocational program providing actual work experience in an office-related job. These students attend school for half a day and work in office related jobs in the afternoons.

Francis Yost was selected Mr. C.O.E. for the state of Ohio during the annual C.O.E. convention in Columbus December first and second. He achieved this honor through written tests and personnel interviews.

The annual employer-employee banquet is one of the "highlights" of the school year. The students show their appreciation for the cooperation given by these businessmen to the cooperative program in this manner.



OFFICERS: Margaret Hoffman, President; Vicki Hughes, Vice President; Don Bocskor, Treasurer; Karen Haddox, Secretary.

The Fellowship of Christian Athletes strives to develop academic and athletic abilities as well as good character in each individual. The program is designed to offer a challenge to young athletes and coaches, through a number of diverse events.

Some of the functions include the Basketball Preview in Massillon, National Camp, a weekend at Vince Costello's Camp, and weekly meetings.

The club promotes good sportsmanship and provides the challenge and adventure of maintaining a good Christian attitude in sports.

OFFICERS: Chris Smith, President; Dennis Turner, Chaplain.

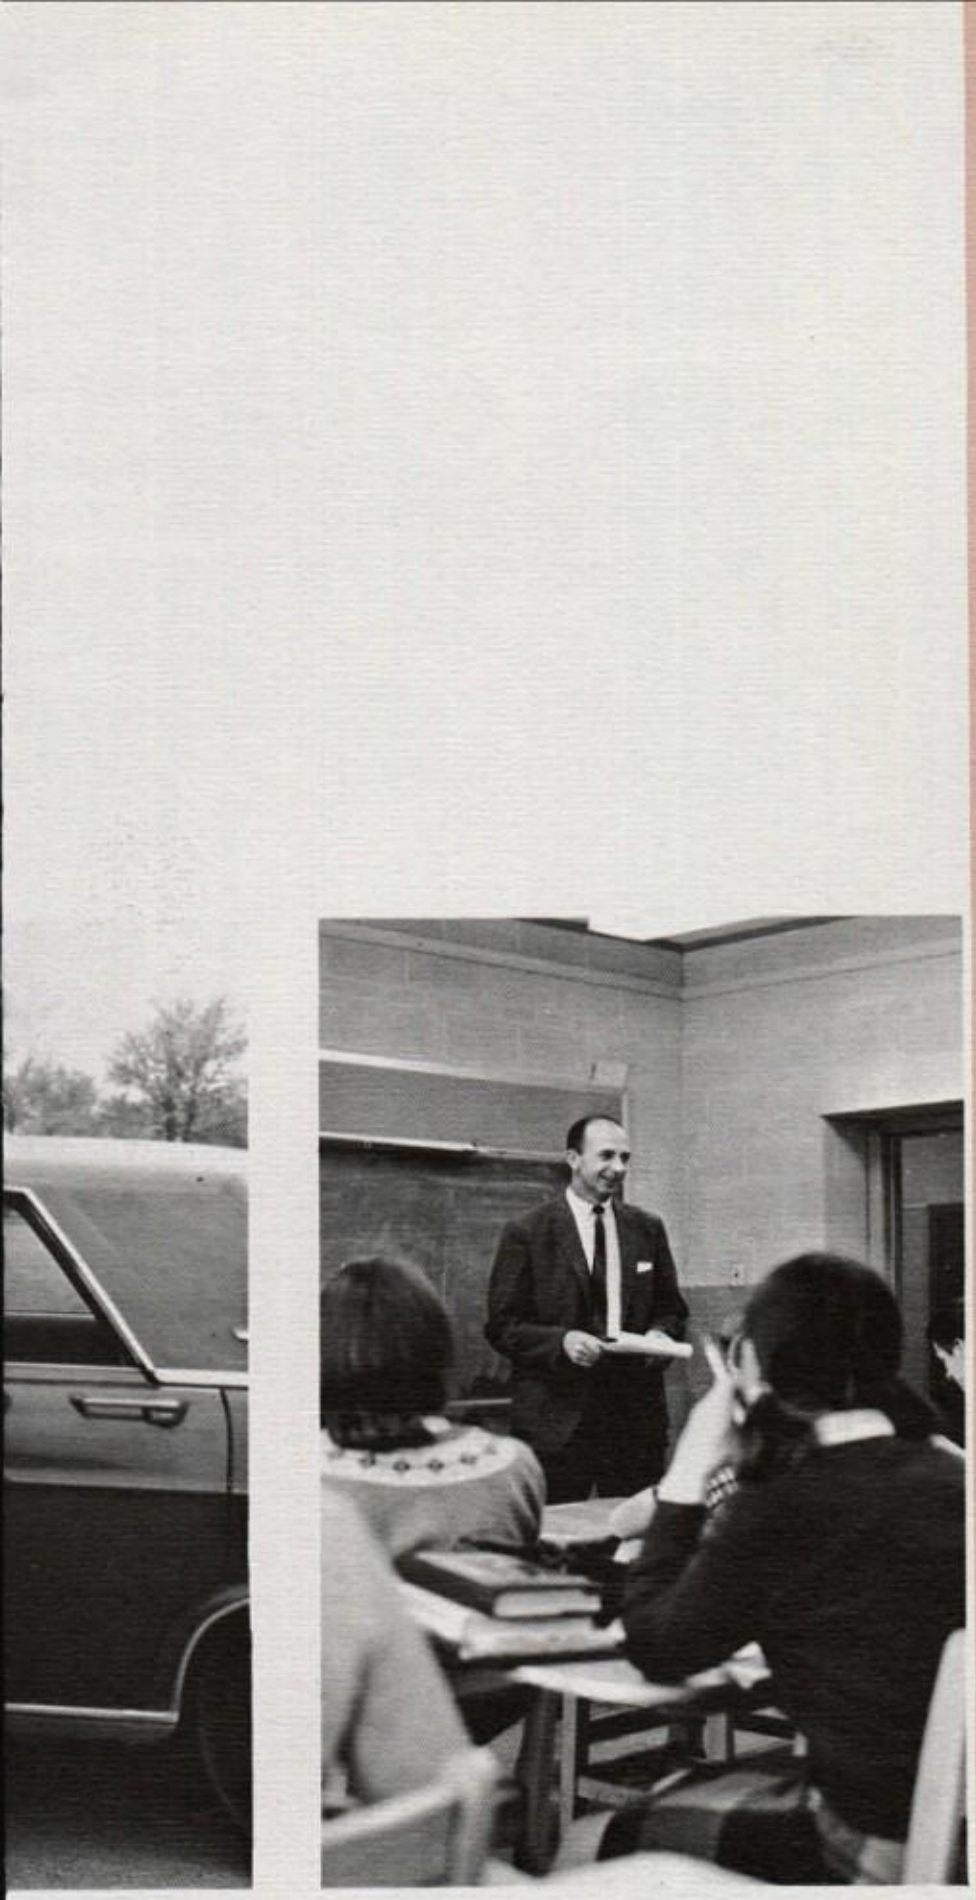
Humanities Club stimulates thinking

FFICERS: Paul Rice, President; Linda Ecksmith, Vice Presient; Kathy Bose, Secretary and Treasurer.

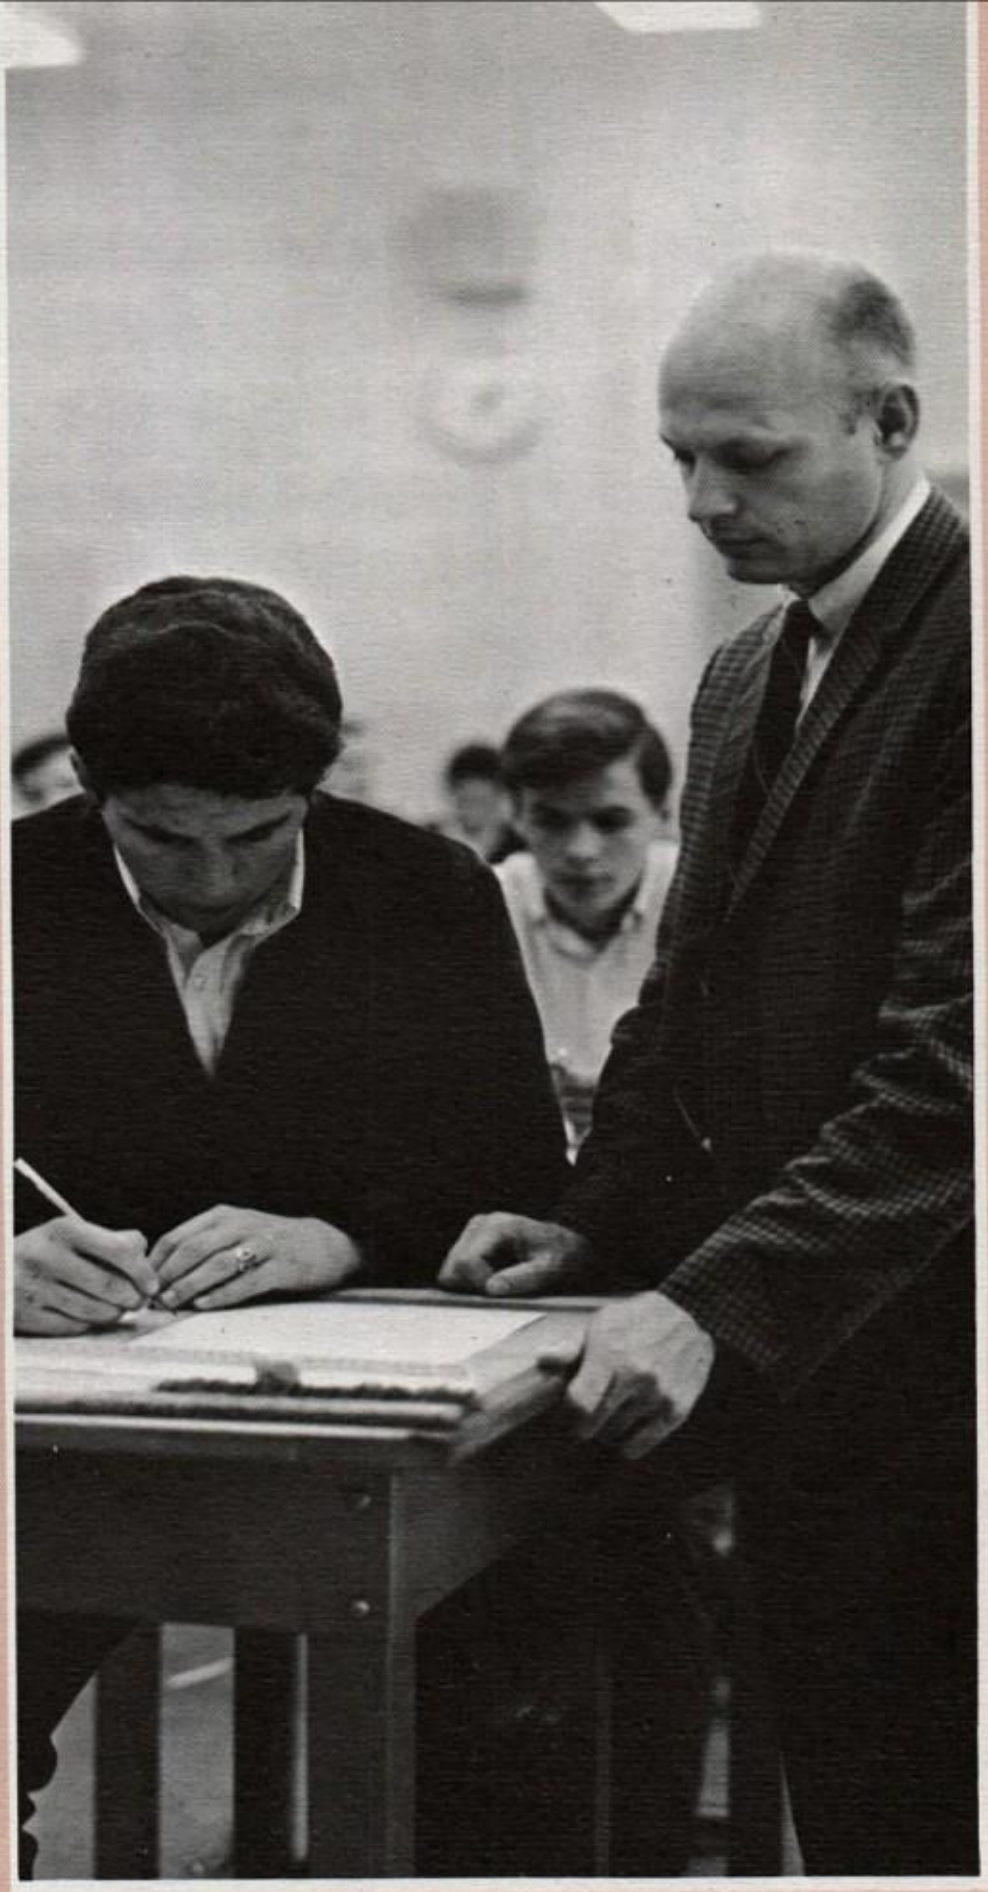
The objective of the Humanities club is to create an atmosphere for group discussion of ideas not ordinarily considered in the high school classroom —ideas found in philosophy, religion, history, fine arts, and other areas of human expression. The members enjoy learning, arguing, and thinking. The club, new to Perry this year, invites provocative speakers to the meetings and attends cultural programs in this area.

Operating a full key adding machine accurately takes much practice as is evidenced by Anita Mansfield.

Driving students Patty Nupp and Shirley Foster eagerly anticipate class time. Mr. Bird is the instructor.



Students are happy that Mr. Cable returned to Perry after an absence of three years.



Mr. Mathie observes as Steve Bartuseck lays out a drawing.

In Memoriam

It is not growing like a tree
In bulk, doth make Man better be;
Or standing long an oak, three hundred year,
To fall a log at last, dry, bald, and sere;
A lily of a day
Is fairer far in May,
Although it fall and die that night—
It was the plant and flower of Light.
In small proportions we just beauties see;
And in short measures life may perfect be.

Sally,

To a really great gal with one of the sweetest personalities ever. Just think, if it weren't for eighth period, we never would have established a stable friendship. Never forget dear, sweet Mr. Baulen. Best of luck and May God Bless.

Love,
Janne Kinsley

You probably recall that at one point in her adventures Alice found she had to keep running faster to stay in the same place. We know how she felt. Over the years, dozens of companies have challenged the leadership of Hoover cleaners. We've maintained our leadership through a constant program of product development and improvement. So, in effect, we keep running faster and faster to stay where we've always been . . . in first place. It isn't easy, but it would be a lot tougher without the dedicated skills of all the men and women of The Hoover Company.

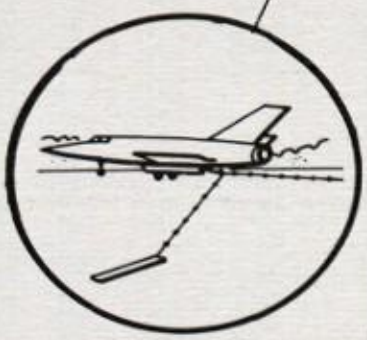
BLISS technologies for better, safer living

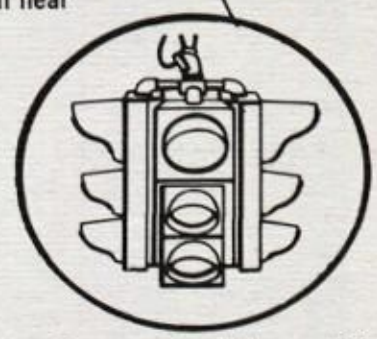


West Germany: A Bliss arresting gear "catches" a landing U. S. A. F. jet fighter on the runway after a brake failure.

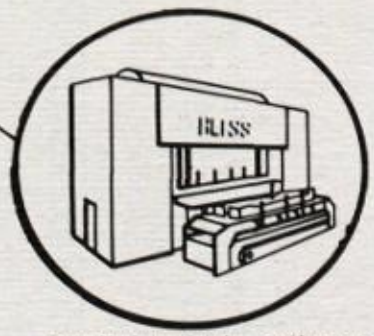
Memphis: Antiquated fire alarms are replaced by a modern, more extensive Bliss-Gamewell coded alarm system.

India: Vitally-needed aluminum strip comes whirling off a new Bliss cold mill near Calcutta.

Cape Kennedy: Bliss-built nozzles and engine parts help guide a Minuteman missile 5,000 miles down range



Tampa: Revolutionary Bliss-Eagle traffic control system uses an electronic brain to synchronize traffic flow.



Brazil: Auto body sections are stamped out on huge Bliss mechanical presses at a plant in São Paulo.

Chicago: A Bliss Mackintosh-Hemphill roll is readied for service in a rolling mill at a giant steel plant.

Even as these events are taking place, others are in the making. Bliss breaks ground in Canton, Ohio for a new three-story office building . . . ships a complete can-making line to a major food packer . . . expands operations in Pittsburgh, Pennsylvania by opening a new 73,000-square-foot roll shop . . . negotiates a contract for prototype production of parts for an advanced rocket system. Everywhere in this growing, changing world, you'll find Bliss . . . growing and changing with it.

A Timken® bearing never asks about your race, color, creed or national origin.

The quality of our products depends upon the ability of the men and women we employ.

So it's no surprise that our employment policy is based only on your ability. Not on your place of birth, your religious faith, or the color of your skin.

One of our vice presidents describes it this way: "We hire ***people***." We also recruit ***people*** on college campuses, train ***people*** in apprenticeship programs, promote ***people*** to better, more responsible jobs.

Our long-standing policy has been clearly and simply stated and restated as follows:

"The Timken Roller Bearing Company reaffirms its policy of treating all employees and applicants, whether or not they are members of minority groups, equally according to their individual qualifications, ability, experience and other employment standards."

It means we can select from all qualified job seekers, not just a chosen few. It gives us a larger labor market from which to pick.

And that's what we pick... the qualified. It takes qualified people, working under the best conditions, to make the best Timken® bearings, Timken steel and Timken rock bits.

The Timken Roller Bearing Company.

We would like to send our best wishes to Mark Andrews, a senior class member, who has been unable to attend classes this year because of an unfortunate accident.

It is the hope of all of us that he will be joining us at graduation ceremonies. We have missed him and are looking forward to his return.

Acknowledgments

Throughout the year many people have helped us to accomplish the goal of a completed yearbook. At this time we, the staff, would like to thank everyone who helped us make the yearbook possible: Taylor Publishing Company and Mr. Rex Johnson for their wonderful service and guidance; Troup and Pluto for its excellent photography service; Mr. Johnny Jones of the Columbus Dispatch for judging our photogenics; Mr. Richard E. Stonemitz of the aeronautics engineering department at Cape Kennedy for the Saturn 1 picture; and our wonderful janitors for letting us in and out of the building at many odd hours of the day and night.

A special thanks to Sam Fox Publishing Company Incorporated, for permission to use the lyrics from THE IMPOSSIBLE DREAM (c), from the musical play "Man of La Mancha" Words by Joe Darrion, music by Mitch Leigh.

In Retrospect . . .

Another year has passed before the eyes of Perry High. It has constantly been one of many moods: joy as our football team took first place; sorrow over the loss of a fellow student; hope as the seniors approach the time of graduation; and confidence as many of us reached our goals.

During this past year we, the staff, have worked diligently to accomplish the "Impossible Dream', which gave birth to this year's edition. Many late hours were spent in preparing its sections in order to meet the almost impossible deadlines. Dreams of excellent photography became a reality through the artistry of our staff photographers. The cutlines, proofreading, body copy, editing and typing all became possible through perseverance in following our ideas, our desires.

It is our hope that we have attained a mark of excellence in the 1968 CLOCK and that its contents will long be cherished in your memories.

WINDOWS FOR MY SOUL

I will hew great windows for my soul,
Channels of splendor, portals of release;
Out of earth's prison walls will I hew them,
That my thundering soul may push through them;
Through the strata of human life and passion
I will tunnel a way, I will carve and fashion
With the might of my soul's intensity
Windows fronting on immensity,
Towering out of time
I will breathe the air of another clime
That my spirit's pain may cease.
That the being of me may have room to grow,
That my eyes may meet God's eyes and know;
I will hew great windows, wonderful windows,
Measureless windows for my soul.
